

# Stay on Track with Immunizations "NO SHOTS, NO SCHOOL!"

## School-Based Health Centers are Open for Vaccinations

District law requires all public schools in DC to verify student compliance with

To help students meet immunization requirements before the start of the school year, our School-Based Health Centers (SBHC) will remain open during the school year. SBHCs are health centers located within a DCPS school that provide comprehensive primary health services to students, including vaccinations.

Ensuring that your child is up to date on age appropriate vaccinations is one of the most important ways to help them stay healthy and prevent the spread of infectious diseases. If you have questions about your student's immunization status, contact your medical provider and request a copy of your student's immunization history or call the **DC Health Immunization Program at (202) 576-7130**.

### SBHC Locations and Hours

Immunizations through School-Based Health Centers (SBHC) are available by appointment only for all DCPS students through April 30, 2021.

Please call to schedule an appointment for your student today. More information about immunization requirements can be found at [bit.ly/FAQFamilies](https://bit.ly/FAQFamilies)
